Diamond-Plate with Gritshield®

Group 416

Wearwell's Diamond-Plate matting with GRITSHIELD® combines comfort with slip prevention particularly for oily overspray applications. **The tough gritted surface improves traction by 60%, protecting team members from dangerous slips and falls.**

The Nitrile enhanced Nitricell sponge absorbs repeated compression and bounces back to its original form better than any PVC sponge alternatives. The Nitricell sponge base is a Nitrile composite for exceptional comfort, rebound and long life. Beveled edges assure a perfect lay flat design to avoid trips. Sponge base extends to within 3 inches of the mat's surface edge for more standing area than other anti-fatigue mats.

- Gritted surface delivers 60% more traction
- Chemical and abrasion resistant
- 2X the resilience and 3X the life of off-brand products
- Maximized standing area for anti-fatigue and ergonomic support
- Floor mats are available in 15/16" thickness
- Lay-flat design prevents trip hazards
- One foot incremental lengths are available
- NFSI Certified
- Made in the USA
- **Need a different size?** 1' incremental lengths are available! [Simply give us a shout out!](#)

Categories & Applications

Anti-Fatigue Matting

Suitable Environment	Dry floors with an occasional spill. Avoid constant pooling fluids. Clean with a neutral PH cleaner., Slippery
Customization Options	C3 - Full Custom (Length, Width, Shape)
Solid or Drainage	Solid
Material	PVC Surface With Nitrile Infused Sponge
Recycled	>50%
Warranty	1 Year

Property	Test / Result
Flammability	MVSS 302 / 'A'; Rating
Taber Abrasion	ASTM D 3884 / 1% loss
Temperature Range	10 to 140 F
Coefficient of Friction	ASTM F1677 / Dry: COF = 1.10 / Wet COF = 1.0
Compression Deflection	ASTM D575 - 7.1psi @ 25% = .15" distance compressed
Tear Strength	Not Available
ESD Rating	Not Available
Dielectric Strength	Not Available
